

Internet Press Release For Immediate Release

The Brock Group is pleased to announce the new appointment of Mr. Al Rafati as the Executive Director Global Nuclear Services. Mr. Rafati will report directly to Jeff Davis, President of The Brock Group.

Recently retired from EnergySolutions, a LG Company, Mr. Rafati served as a Group President and has joined Brock to help the company structure its growing presence and lead in the nuclear energy industry.

Mr. Rafati brings over 30 years of business development, operations, and engineering in technology and service companies. He holds a Bachelor of Electrical Engineering and a Masters in Engineering Administration from University of Utah and a Masters in Business Administration from University of Colorado. He is a Colorado registered Professional Engineer and member of American Nuclear Society.
